O p e n i n g

基调

起如江上清风，携带着悠扬清歌，娓娓道来。又如山间明月，灵动优雅，徐徐升起。

## D e v e l o p i n g

### 基调

承是起的延伸，有承前启后之意，包容万物。亦可谓一脉相承，虚实相融，畅达有度。

### Keynote

Developing is the extension of the opening, and it has the meaning of inheriting the past and setting a new course for the future. Being inclusive, the "developing" is in the same vein with the before and the after ones. It is a combination of virtuality and reality, extending smooth and wise character.

# 合

## Concluding

### 基调

合则风回气聚，渊深含蓄，止意未尽。超脱感官悟出至理，万物百态均遵循自身律之所在。合亦是孕育，对所有律感的平衡与融合。

### Keynote

When the wind merges together, the final concluding state will be just as subtle and reserved as what the deepest pool conveys, and the meaning of this four developing processes won't vanish. Exceeding the limits of the sense organ, the truth can be realized -- all things are in accordance with their own laws. The concluding is also referred as breeding state, as well as the balance and integration to all kinds of rhythms.
