2019年春夏羊绒针织服装流行趋势

I 无 界 Unboundedness

基调:

天地之间万物自由生长，一如初见般朦胧美好。水雾般的思绪弥漫飘散，依稀自在模糊不清，沿着蜿蜒曲折的细微光影，勾勒出边界初生的模样。

Keynote:

Everything grows freely between heaven and earth, as dimly beautiful as the first sight. Misty thoughts float, obscurely and vaguely, along the twists and turns of the subtle light, outline the appearance of newborn border.

II 设 界

Setting Boundary

基础:

相对诞生差别，物我一分为二。清晰可见的边缘不再朦胧不定，色彩明快鲜亮，动感与分割并存，独立、个性、自我、与众不同。

Keynote:

Relative to the initial difference, the subject-object relation divides into two. Clearly visible edge is no longer hazy or uncertain, color becomes lively and bright. Dynamic and division coexists. Independence, personality, ego, and distinctiveness.

III 跨界 Cross-border

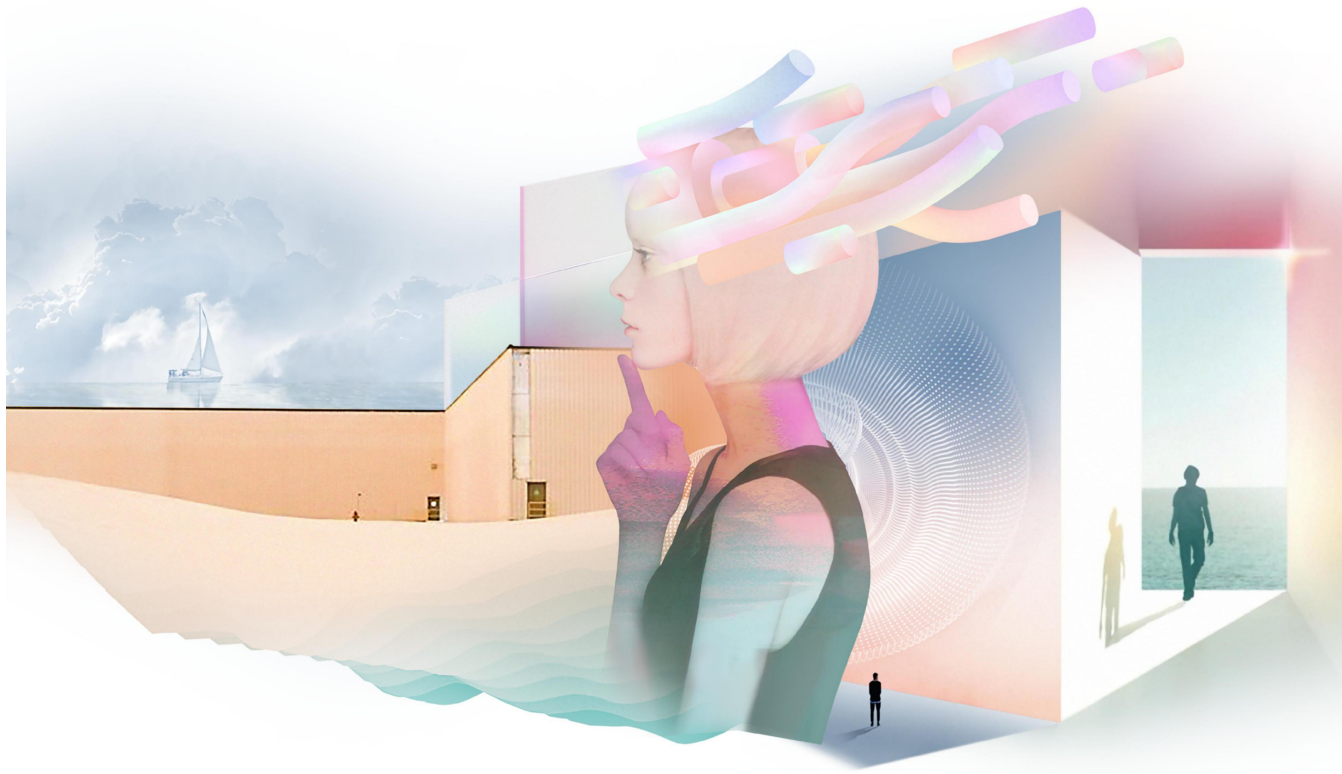

基调:

尖锐的冲撞打破原有的规则，界限解构又重组。喧闹代替沉寂，绚烂介入黑白，被打破的界别在扭曲与冲撞中相融共生，在刺激与挣扎中随遇而安。

Keynote:

Because sharp collision breaks the original rules, boundaries get deconstructed and reorganized. Noisy replaces silence, gorgeous colors are involved into black and white. In the twisting and collision state, broken boundaries are still in harmony, and make the best of each situation between stimulus and struggle.

IV 重 构

Reconstruction

基调:

重整后的新世界纯粹美好，理想清澈透明，眼前一片纯净，渐变的霓虹光亮在众托帮中闪耀。鱼儿自由在空中遨游，飞鸟自在穿行在海天之间，人们吹着琼浆轻舞赞颂，融合出一个崭新的世界。

Keynote:

The new world after reorganization is pure and fine, the ideal is also crystal clear, a beautiful scene is in front of us. Gradient neon light shines in the utopia. The fish is free to roam in the air, and the birds travel freely between sea and sky. When people drink and dance, they praise and celebrate the new world.
